### Applications Developed

Final Project - [Live](#) | [GitHub](#)

- Some pretty cool stuff is going here in the very near future will update soon
- Can't wait to see what it is and show you the highlight reel
- ...

Apex Match - [Live](#) | [GitHub](#)

- Memory Match Game Themed After Apex Legends
- Utilized React to Develop a Dynamically Created Card Game that showcases the different in game Legends (Characters) with details and embedded videos on each Legend.

### Professional Experience

**Aviators Air Club** | La Verne, CA

2015 - 2019

- Chief Flight Instructor and Airline Transport Pilot
- Managed Operations, Including Aircraft Maintenance, Instructor & Student Scheduling
- Developed Software to help Pilots navigate through the complex structure of the endorsements required to maintain their certificates and obtain the new ratings being sought.

**Universal Air Academy** | El Monte, CA

2014 - 2016

- Part 141 & 61 Instructor/Stage Check Examiner
- Provide Single/Multi Engine Flight, Ground and Simulator Instruction to Private, Instrument, Commercial and Flight Instructor Candidates.
- Utilized GPS Location to track and aid the instruction process of flight training.

**MKS Specialty Finishes** | Temple City, CA

2009 - 2015

- Coordinate multiple projects simultaneously and under time line requirements
- Limited company expenses by implementing GeoLocation(Telenav Track) for hours worked authentication and reduced overtime expenses by verifying time on location.

### Education

**LearningFuze** | Irvine, CA

2019

- Accelerated Web Development Program

**Universal Air Academy** | El Monte, CA

2012

- Full Time Part 141 Airline Transport Pilot, Training Program

### Personal

I enjoy flying to different cities with my daughter and wife to sightsee and try out the local food. Most recently read the Dark Tower, HHGG(Hitchhiker's Guide to the Galaxy) and watched Expanse and Game of Thrones. Current favorite game is Apex Legends.
